Cabernet Sauvignon

Cabernet Sauvignon is probably the most famous red wine grape variety on Earth. Cabernet Sauvignon wines always seem to demonstrate a handful of common character traits: deep color, good tannin structure, moderate acidity and aromas of blackcurrant, tomato leaf, dark spices and cedarwood. As a late-flowering and late-ripening variety, Cabernet Sauvignon grapes mature slowly. This can also work for or against wine quality; in a cold season or climate there is a risk of the grapes failing to ripen fully, while in most other conditions the steady rate of progress offers producers a wider choice of harvest dates.

Filet steak with sole gras and truffles.
Five-spice braised bison with roasted bell peppers.
Korean-style beef stir-fried in garlic, soy and sesame.

Bombay, a wine label presented by York Wineries Nashik, is a premium wine blend that captures the new world wine taste of India; developed with the label guidelines for the New Zealand market. Bombay, is an ode to the Indian culture carefully presented for the international audience.
